Dear Mr. Evangelista,

I had to write to tell you what amazing results I've achieved with my energy savings! It's hard to believe that after only one thorough visit, your changes cut my energy usage to 1/3 of what it was! These savings alone in only the last three months has paid for your service. Who thought there was any hope for my 78 year old home? I can only imagine how much I could save if I implemented all of your recommendations.

I want to thank you for your expert service, you really know energy use and waste! I was quite a waster, wasn't I?

I honestly didn't know what to expect when I contacted you. I expected a builder to show up and give me the typical builder run around. Needless to say that's not what I got. I compliment you on your professionalism, understanding, and courtesy. You are a true professional and I am going to refer you to everyone I know.

Your very satisfied client,

James Segarra
